Cactus II pipeline: Corinth Pipeworks has commenced delivery of steel pipes

Cenergy Holdings announces that its subsidiary, Corinth Pipeworks Pipe Industry S.A. has commenced delivery of steel pipes HFW 26", 125.027 metric tons for the Cactus II pipeline, covering approximately 750 km, the supply of which was assigned to Corinth Pipeworks by a subsidiary of Plains All American Pipeline LP.

Despite the decision of the U.S. Department of Commerce to reject steel tariff exclusion request filed by Plains All American Pipeline LP in relation to import of high grade steel pipe from Greece for its Cactus II pipeline, Corinth Pipeworks will abide with the deliveries as planned, without any disruption or adverse financial impact.

Corinth Pipeworks is confident that it will continue to serve the US market in the future, due to its sound strategy and ability to offer unique and high-end products for energy infrastructure and its long term relationships with its customers.
