

## Corinth Pipeworks awarded two offshore projects by Subsea 7 for pipelines in the North Sea

Corinth Pipeworks Pipe Industry SA announces that on 22<sup>nd</sup> and 23<sup>th</sup> of February 2018, signed agreements with Subsea 7 to manufacture and supply steel pipes for two subsea tie-back projects to FPSOs operated by AkerBP in the Norwegian Sea. The agreements cover polypropylene coated steel outer pipes for pipe-in-pipe flowlines for:-

- Skogul project – 14” linepipe for an 18 kilometer gas pipeline.
- Aerfugl project – 16” linepipe for a 21 kilometer gas pipeline.

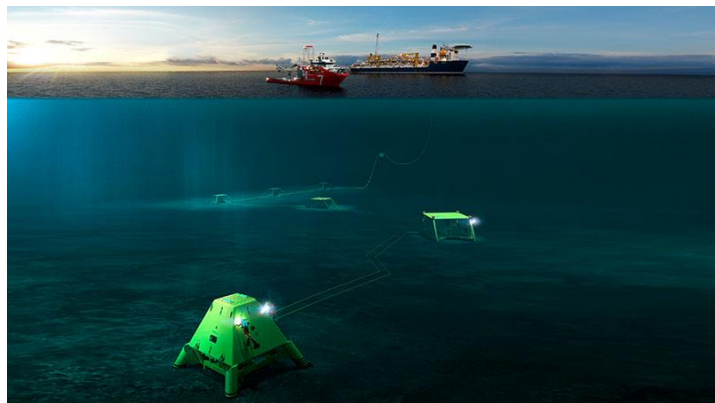

The pipes for the offshore pipeline will be manufactured in 2018 in Corinth Pipeworks’ HFI pipe mill located in Thisvi, Greece, and Subsea 7’s installation by reel-lay is scheduled in 2019 and 2020 respectively.

Subsea 7 S.A. is a leading global contractor in seabed-to-surface engineering, construction and services to the offshore energy industry.

Aker BP is a fully-fledged E&P company with exploration, development and production activities on the Norwegian Continental Shelf (NCS) and is one of the largest independent oil companies in Europe
